About DrupalCon	DrupalCon is the heartbeat of the Drupal community. It's an expression of our software innovation, our commitment to collaboration, and our extreme nerdiness. This event, held annually in Europe, North America, and a developing Drupal region, brings together thousands of people from across the globe to drain a city of all its coffee and fill a venue with energy, companionship and code unmatched by any other tech community. Together we will unite in celebration of the Drupal 8 release and work together to gain new skills and new friends as we advance the Project. Learn more at latinamerica2015.drupal.org
Goals Met	Identify specifically what was brought back to the organization relevant to your business goals as payback for conference investment.
